Basic Sketch ^^^
PC04 Generative Art Pseudocode
Kevin Ecke

Tasks:
Import libraries - turtle, random
Make main turtle
Make machine signature turtle
Set screen size
Create for loop to draw circles
        Create random color changes
        Draw circle
                Create inner for loop to draw square
                Draw square
        Rotate turtle

For i in range (50)
        turtle.color(random.randint(1,255),random.randint(1,255),random.randint(1,255))
        Turtle draw circle
        For i in range (3)
                right(90)
                turtle.color(random.randint(1,255),random.randint(1,255),random.randint(1,255))
                forward(100)
        right(3)

Machine Signature turtle go to lower right of screen
forward(random.randit(1,90))
right(random.randit(1,90))
forward(random.randit(1,90))
right(random.randit(1,90))
backward(random.randit(1,90))
